RELIABLE POWER

The KX018-4 is powered by Kubota's impressive D902-E4-BH-4EU 15.7 PS, Stage V compliant engine. Engineered with the power to maximise digging and lifting performance, it also delivers minimised noise and vibration, meeting all current engine emission regulations.

PRODUCTIVE HYDRAULICS

Equipped with a comprehensive set of hydraulic systems, the KX018-4 makes it easy to take on even the toughest tasks.

POWERFUL PERFORMER

A long 3860 mm reach and a productivity-boosting maximum digging depth of up to 2380mm enables you to do more from wherever you are working.

GO-ANYWHERE VERSATILITY

An adjustable track means you can change the width to provide either easy access through narrow spaces or a wider footprint for enhanced stability.

Why Choose TocDem Attachments?

As a service business and a manufacturer, TocDem Excavator Attachments recognises the importance of quality control. Hence, we conduct rigorous pre-delivery inspections and tests on all equipment to ensure both quality and reliability. Additionally, we continuously evaluate cutting-edge technology and techniques to enhance our product range.

Moreover, our commitment to quality goes hand-in-hand with our dedication to customer support. A key feature of our business is our promise to “stand behind” every product we sell. To that end, we always stock a full range of spares . We also provide expert technical advice and support across our entire range.

Why not look at our other products

- Hydraulic Hammers / Breakers
- Scrap Steel Recycling Shears
- Concrete Pulverisers
- Push Pro Pipe Pushers
- Gas & Water Utility Equipment
