

Radiodetection gCat4+ Cable Locator – Refurbished

Description

Radiodetection gCat4+ Cable Locator – Refurbished

TocDem Utilities offers meticulously refurbished Radiodetection gCAT4+ cable locators, ideal for precise and efficient underground utility detection. Each unit undergoes rigorous testing and calibration, backed by a 12-month warranty for your peace of mind.

The gCat4+ Cable Locator is:

- Fully refurbished and serviced
 - Freshly calibrated & tested
 - Supplied with a 12-month calibration certificate
-
- Hire To Buy Packages Available
 - Trade-Ins Are Welcome

- Full service & recalibration support offered

CAT Cable Locator and Genny – Explore the latest range of Cable Avoidance Tool (CAT) and Signal Generators (Genny), pioneered by Radiodetection.

CAT4® and Genny4® products provide a comprehensive range of Cable Avoidance Tools helping professionals to drive best locating practice, reduce the number of cable strikes, and dig more safely.

CAT4 (Part no: 10/CAT4EN29)

The CAT4 cable locator is the standard model of the range. Using it with the Genny4 transmitter, experienced operators will be able to find more buried utilities, faster.

CAT4+ (Part no: 10/CAT4+EN31)

The CAT4+ offers the same locating performance as the CAT4 but with addition of Depth measurement, allowing better identification of the route of buried utilities.

gCAT4+ (Part no: 10/GCAT4+EN03)

This model adds GPS position to the usage data recorded. Moreover, Bluetooth connectivity allows seamless transfer of usage data to the CAT Manager Online cloud based system for near real-time monitoring of operators' performance.

Genny4 (Part no: 10/GENNY4EN)

Genny4's patented simultaneous dual-frequency signal output facilitates location of small diameter cables such as telecoms and street lighting, including spurs. All CAT4 locator models have patented technology to detect both signals simultaneously. The power boost function in Genny4 enables the locate signal to travel further and deeper, and couple onto utilities more easily.

Why Choose TocDem Utilities?

TocDem Utilities beats the competition on price, quality, and after-sales support with our Cable Locators. We're dedicated to helping you long after your purchase, with all parts and accessories in stock. Our re-calibration service in the well-established workshop is fast and reliable. Additionally, our engineers have over 100 years of combined experience in electronics and hydraulics. We believe in investing in people and constantly have our staff re-trained in line with the latest industry techniques.

- **Competitive Pricing**
- **Quality Assurance**
- **Expert Support**
- **Worldwide Shipping**

As a Radiodetection GOLD distributor, we are perfectly positioned to support all of your Underground cable location, survey, ground penetrating radar and accessory needs. We offer a full national & international shipping and customs clearance service, which can always be arranged by our friendly experienced administration team.
