After Sales Support, Quality Control, Research & Development

As a service business and a manufacturer, TocDem Excavator Attachments recognises the importance of quality control. We conduct rigorous pre-delivery inspections and tests on all TocDem Hydraulic Hammers to ensure quality and reliability. We continuously evaluate cutting-edge technology and techniques to enhance our product range.

In addition to this commitment to quality, a key feature of TocDem Attachments is our dedication to “standing behind” and supporting every product we sell. To that end, we always stock a full range of spares for TocDem Hammers, available for immediate delivery. We also provide expert technical advice and support on our full range of TEB Hydraulic Breakers.

- The 3.0 Tonne Excavator Breaker is priced complete and ready for use.
- They include head brackets/hangers, pins, hoses, two points/chisels, spares, and a toolbox.

All prices are subject to delivery charges & VAT

****Due to ongoing development specifications may change at any time.**

These tools should only EVER be operated by trained, qualified personnel. A valid risk assessment & method statement should always be in place before use. The Excavator powering this item should always be fitted with a cab & Demolition guards.
