

Refurbished 4 Tonne KW4000 GrundoWinch TT UK Bagela

Description

Refurbished 4 Tonne KW4000 GrundoWinch TT UK Bagela

PRICED TO SELL – £28,500 + VAT

Are you looking for a reliable GrundoWinch? Look no further! We have a tested 4Tonne KW4000 GrundoWinch for sale. It comes with a new “Pull Test” Certificate and is ready for your next project.

- Circa 771 hours
- New pull test
- Engine service

Key features:

- The operator sets the required tonnage and line speed and the Winch takes the strain.
- For swage lining and sensitive cable winching operations, **an optional datalogger** can be fitted to the Winch to constantly monitor the line speed and winching force used.
- Built with the user in mind, they offer hands-free operation.

Adjustable Boom

The 4Tonne KW4000 GrundoWinch we have for sale comes with adjustable boom length and extension legs, the stand off boom assembly has the ability to adapt to a variety of different manhole configurations and structures. The stand off boom also allows for the retrieval of a front expander during certain pipe bursting applications.

Variable Speed Constant Tension Means More Accurate Winching

This GrundoWinch constant-tension design feature immediately senses and quickly takes up any cable slack automatically. Consequently, this makes it an ideal winch for sensitive operations such as swage lining. Additionally, an optional chart recorder can provide permanent documentation of the pull by printing out a hard copy of the job's tensions.

Twin Capstan Cable Management System

The 4Tonne GrundoWinch incorporates a cable management system to ensure the proper care and storage of cables. Its twin capstan design means there is no stress on the cable drum as the cable is layered back in place during use.
