

## DPI705 IS GE 7 Bar Druck Gauge

### Description

## DPI705 Druck Gauge

The DPI705 Druck Gauge is compact, robust and lightweight, the DPI 705 Series of digital handheld pressure indicators, which are part of GE's Essential range, are designed for single handed operations and provide many essential features required for routine maintenance and system troubleshooting. New materials and technical innovations from over fifteen years experience with portable pressure testers have resulted in this advanced new product.

### Our Druck Gauge includes:

- **Refurbished & Fully Serviced**
- **Calibrated & Tested**
- **Page 1**
- **Includes carry case & tube.**

Intrinsically safe (I.S.) versions are available certified to European and American standards for use in hazardous areas. The DPI705, part of GE's Essential product range, is a day-to-day test and calibration tool you can rely on. GE Druck's Essential product range is tough, reliable, accurate and easy to use. So you can get on with your job and trust GE's Essential range to do theirs. And if you need higher accuracy, or wider functionality, GE's Expert and Elite ranges have you covered

## Improves Test Efficiency

- No warm up time
- 14 pressure units
- One minute leak test
- Ambient temperature measurement
