

GMI Gasco Seeker MKII

Description

GMI Gasco Seeker MKII

The refurbished GMI Gasco Seeker MKII is ready for immediate use, freshly calibrated and tested with a new 12-month calibration certificate. It measures both the percentage LEL (Lower Explosive Limit) and percentage volume of flammable hydrocarbon gases with automatic range selection.

What we offer at TocDem

- Hire To Buy Packages Available
- Trade-Ins Are Welcome
- Full service & recalibration support offered

The Gasco Seeker also features a simple two-button operation for easy access to all features. And, a carbon-loaded polypropylene case with IP54-compliant seals for reliable outdoor use. Plus, a backlit LCD screen shows both analogue and digital readings, plus operational status. The GMI Gasco Seeker is fully ATEX-approved. You can calibrate it via the infrared link for convenience. It operates on four D-size alkaline cells or a rechargeable NiCd battery pack, providing approximately 15 or 8 hours of continuous use, respectively.

Key Features & Benefits:

- **Accurate & Versatile:** Measures percentage LEL (Lower Explosive Limit) and percentage volume of flammable hydrocarbon gases.
- **User-Friendly:** Simple two-button operation.
- **Rugged & Waterproof:** Carbon-loaded polypropylene case.
- **Clear Display:** Backlit LCD screen
- **Advanced Calibration:** Fully ATEX-approved.
- **Lightweight:** Weighs only 1.7kg.
- **Compact:** Dimensions of 180mm x 95mm x 105mm.
- **Flexible Power Options:** Operates on either four D-size alkaline cells or a rechargeable NiCd battery pack (providing approximately 8 or 15 hours of continuous use, respectively).

Complete Kit Includes:

- GMI Gasco Seeker MKII
- Aspirator bulb
- Filters
- Probe
- Screwdriver

- Rugged carrying case

Why Choose TocDem Utilities?

TocDem Attachments & Utilities will not be beaten on price, quality or after-sales service. Customer support long after the sale is just what we do. All parts & accessories are kept in stock. We offer an excellent efficient re-calibration service in our well-established Calibration Workshop. Our service engineers have over 100 years of combined specialist electronic and hydraulic experience. We believe in investing in people and constantly have our staff re-trained in line with the latest industry techniques.

We offer a full national & international shipping and customs clearance service, which can always be arranged by our friendly experienced administration team.

****Due to ongoing development, specifications may change at any time**
