TocDem Attachments is a first-class British manufacturer

We pride ourselves in providing high quality, easy to use, affordable products for the market.

- The TocDem Push Pro quickly & simply attaches to an excavator's arm, for safe use inside the cab.
- There is no manual handling required, or injury risks associated with pipe insertion.
- TocDem offers award-winning after-sales service, product support, and training team fully support this easy-to-use tool.
- The TocDem Push Pro 500mm will fit on to any 8 – 22 Tonne Excavator. Head brackets are manufactured to your specification on order.

Further advantages to the TocDem Push Pro are:

- Chrome plated induction hardened pivot pins with through greasing to greatly reduce wear.
- HARDOX 25mm Jaws

- Completely protected hydraulics for increased reliability. Robust Steel pipes, instead of hoses that fail easily.
- Hardened steel bushes on hinge pivot for further reliability.
