

New Radiodetection gCat4+ Cat and Genny Kit

Description

New gCAT4+ Cat and Genny Kit

Dig smarter and safer with the brand-new Radiodetection gCAT4+ CAT and Genny kit. This powerful combination of Cable Avoidance Tool (CAT) and Signal Generator (Genny) technology is designed to help you pinpoint buried cables and pipes with speed and accuracy, reducing the risk of costly strikes and ensuring the safety of your team.

The gCAT4+ receiver and Genny4 transmitter, leaders in the industry, make locating underground utilities faster and easier than ever. Experience enhanced performance and precision, allowing you to locate more buried utilities quicker.

What We Offer At TocDem:

- 12 months Warranty

- Hire To Buy Packages Available
- Trade-Ins Are Welcome
- Service & recalibration support offered

Key benefits:

- **Accurate and reliable detection:** Avoid costly and dangerous utility strikes.
- **Improved performance:** Find more buried utilities, faster.
- **Industry-leading technology:** Trusted by professionals worldwide.
- **User-friendly:** Easy to operate for both experienced and new users.

gCat4+ Cable Locator Features

- Built in GPS
- Data Logging
- SWING Warning
- Strike Alert
- CALSafe
- Service Due Indicator
- Bluetooth (future use)
- Depth Estimation

gCAT4+ (Part no: 10/GCAT4+EN03)

Enhance your cable avoidance practices with the gCAT4+. This advanced model not only logs usage data but also captures GPS positioning. Seamlessly transfer this information to the CAT Manager Online cloud system via Bluetooth for near real-time performance monitoring of your operators.

CAT4 & Genny4

The CAT4® and Genny4® product range provides a complete suite of Cable Avoidance Tools, empowering professionals to implement best practices, significantly reduce the risk of cable strikes, and foster a safer working environment.

Genny4 (Part no: 10/GENNY4EN)

Genny4's unique dual-frequency signal output enables the location of even small-diameter cables like telecoms and street lighting, including spurs. All CAT4 locators are equipped with patented technology to detect both frequencies simultaneously. The Genny4's power boost function further enhances signal reach and depth, making it easier to locate buried utilities.

Why Choose TocDem Utilities?

TocDem Utilities beats the competition on price, quality, and after-sales support with our Cable Locators and other Cable Avoidance Tools. We're dedicated to helping you long after your purchase, with all parts and accessories in stock. Our re-calibration service in the well-established workshop is fast and reliable.

Additionally, our engineers have over 100 years of combined experience in electronics and hydraulics. We believe in investing in people and constantly have our staff re-trained in line with the latest industry techniques.

- **Competitive Pricing**
- **Quality Assurance**
- **Expert Support**
- **Worldwide Shipping**

As a Radiodetection GOLD distributor, we are perfectly positioned to support all of your Underground cable location, survey, ground penetrating radar and accessory

needs. We offer a full national & international shipping and customs clearance service, which can always be arranged by our friendly experienced administration team.
