TGR32 TocDem 35 to 60 Tonne Demolition Selector Grab

The TGR32 TocDem Demolition Selector Grab is purpose-built for excavators weighing between 35 and 60 tonnes. Constructed using highly wear-resistant steels, it is engineered to efficiently demolish brick structures, timber, and a variety of other materials. Moreover, its robust design ensures exceptional power, enabling quick and effective performance on even the most demanding job sites.

In addition to its demolition capabilities, the unique design also enhances the sorting and handling of demolished materials. As a result, it significantly improves recycling efficiency and overall workflow on-site.

What We Offer at TocDem

- **Huge 3 Year Warranty**, ensuring peace of mind and long-term reliability
- Hire-to-Buy packages available, providing flexible acquisition options
- Trade-ins are welcome, which allows for affordable equipment upgrades
- Finance options can be arranged (subject to approval), offering additional payment flexibility
- Full service & recalibration support provided, ensuring continuous optimal performance
- Heavy Duty Slew Ring
- Heavy Duty Motor
- Heavy Duty Chassis

Additionally, TocDem Selector Grapples come fully set up and ready for immediate use, complete with hoses, pins, and a custom head bracket or hanger made to your exact specification. Furthermore, every unit includes a 3-year warranty as standard, reinforcing our commitment to quality.

**CLICK TO CALL FOR HELP & INFORMATION. WE WON'T BE BEATEN ON PRICE,
QUALITY OR AFTER-SALES SERVICE!**

- Moreover, interchangeable blades and multiple jaw configurations support a variety of demolition, sorting, and loading tasks

Why Choose TocDem Attachments?

As a trusted manufacturer and service provider, TocDem Excavator Attachments prioritises quality and dependability. Each grab undergoes extensive pre-delivery inspections and testing to ensure high standards are met. Furthermore, we are continually investing in new technologies and design improvements to keep our product range at the forefront of the industry.

In addition, we offer full support after purchase. We maintain a large inventory of spare parts for immediate dispatch and provide expert technical assistance across the entire TEB Hydraulic Grab range.

**** Due to ongoing development, specifications may change at any time.**

Important Safety Information

These tools should only be used by trained, qualified personnel. A valid risk assessment and method statement should always be in place. Additionally, the excavator must be equipped with a cab and demolition guards.
