TGR4 TocDem 2 to 4 Tonne Demolition Selector Grab

The TGR4 TocDem 2 to 4 Tonne Demolition Selector Grab is made of particularly wear-resistant steels, enabling the demolition of brick structures, timber, and other types of materials. Furthermore, built for excavators weighing 2 to 4 tonnes, it delivers exceptional power and ensures fast and effective demolition.

The particular design of our machines not only excels at demolition, but also optimises the selection of materials deriving from it in order to facilitate recycling and handling.

What we offer at TocDem

- Huge 3 Year Warranty
- Hire To Buy Packages Available
- Trade-Ins Are Welcome
- Finance Can Be Arranged (subject to status)
- Full service & recalibration support offered
- Heavy Duty Slew Ring

All prices are subject to VAT & delivery.

Why Choose TocDem Attachments?

As a service business and a manufacturer, TocDem Excavator Attachments recognises the importance of quality control. We conduct rigorous pre-delivery inspections and tests on all TocDem Hydraulic Grabs to ensure quality and reliability. We continuously evaluate cutting-edge technology and techniques to enhance our product range.

In addition to this commitment to quality, a key feature of our Attachments is our dedication to “standing behind” and supporting every product we sell. To that end, we always stock a full range of spares for our excavator grapples, available for immediate delivery. We also provide expert technical advice and support on our full range of TEB Hydraulic Grabs.

**** Due to ongoing development specifications may change at any time.**

These tools should only EVER be operated by trained, qualified personnel. A valid risk assessment & method statement should

always be in place before use. The Excavator powering this item should always be fitted with a cab & Demolition guards.
