TSH110 Scrap Demolition Recycling Shear 90 to 120 Tonne

The TSH110 Scrap Demolition Recycling Shear 90 to 120 Tonne is a high-performance attachment designed to maximize productivity and efficiency for your 90 to 120 Tonne excavator. In particular, it is built for heavy-duty demolition, scrap and recycling work. As a result, you can maintain reliable output on high-demand

applications.

Built with HARDOX and STRENX for exceptional durability, this hydraulic shear effortlessly handles the demolition of tanks, pipes and structures in steel and iron. In addition, the high cutting force ensures precise and fast work. Therefore, cycle times remain efficient even when processing thick material. Overall, this guarantees maximum efficiency in all conditions.

See all Demolition Scrap Recycling Shears in the TSH Series

Key Specifications:

- **Model No:** TSH110
- **Suitable Excavator:** 90.0-120.0 Tonne (198,000 – 264,000 lbs)
- **Jaw Opening:** 920mm, 36?
- **Total Weight:** 9950Kg, 21,936lbs
- **Overall Length:** 5000mm, 197?
- **Overall Width:** 900mm, 35?
- **Operating Pressure:** (Kg cm/2) 340, 4931 Psi

- **Oil Flow:** 500-800 litres per minute

Additional highlights of the TSH series include:

- A double register blade guide to ensure precise alignment during stressful cutting conditions
- Interchangeable and reversible blades for precision cutting and a long life
- Reversed hydraulic cylinder and a regenerative speed valve that increases productivity by 30%
- A pressure relief valve that protects the shear components from damage in overpressure situations
- 360-degree continuous hydraulic rotation in both directions for the correct positioning of the attachment

Technical, Customer & After Sales Support

A key feature of TocDem Attachments is always “standing behind” and supporting any product we sell. With this in mind, we always stock a full range of all spares for TocDem Shears available for immediate delivery. In addition, we are always available to give technical advice & support on the range.

All TocDem TSH Hydraulic Shears are priced complete & ready for use. Therefore, head brackets / hangers, pins & hoses are all supplied within the price.

All prices are subject to delivery charges & VAT

**** Due to ongoing development specifications may change at any time.**

These tools should only EVER be operated by trained, qualified personnel. In addition, a valid risk assessment & method statement should always be in place before use. Moreover, the Excavator

powering this item should always be fitted with a cab & Demolition guards.
