TSH20 Scrap Demolition Recycling Shear 20 to 28 Tonne

The TocDem TSH20 Scrap Demolition Recycling Shear 20 to 28 Tonne is a high-performance attachment designed to maximize productivity and efficiency for your 20 to 28 Tonne excavator. In particular, it is built for demanding scrap, demolition and recycling work. As a result, you can cut faster while keeping control on site.

Built with HARDOX and STRENX for exceptional durability, this hydraulic shear effortlessly handles the demolition of tanks, pipes and structures in steel and iron. In addition, the high cutting force ensures precise and fast work. Therefore, cycle times stay efficient even in tough material. For example, consistent cutting performance helps reduce time spent repositioning. Overall, you get maximum efficiency in all conditions.
