

Wask Tee Set MKI – Refurbished, Calibrated & Tested

Description

Wask Tee Set MKI – Fully Refurbished, Calibrated & Tested

The refurbished Wask Tee Set MKI is ready for immediate use, freshly calibrated and tested with a new 12-month calibration certificate.

What we offer at TocDem

- Hire To Buy Packages Available
- Trade-Ins Are Welcome
- Full service & recalibration support offered

- Our Teeset Drilling Machine allows for the drilling and tapping of gas main pipes, similar to a central action drill stand.
- With the addition of a sliding gate valve, it enables the safe fitting of up to 1" equal top entry service tees and 2" nipples for two-part service tees (to British Gas Specification PS/F2) to live mains without gas loss.
- Suitable for use at pressures up to 2 bar (30 psi).
- Fits mains ranging from 80 to 300 mm (3" to 12").
- Compatible with various ancillaries such as plugs, bushes, side entry tees, standpipes, bag pipes, and main spraying heads (under no gas conditions).

Why Choose TocDem Utilities?

TocDem Utilities beats the competition on price, quality, and after-sales support . We're dedicated to helping you long after your purchase, with all parts and accessories in stock. Our re-calibration service in the well-established workshop is fast and reliable.

Additionally, our engineers have over 100 years of combined experience in electronics and hydraulics. We believe in investing in people and constantly have our staff re-trained in line with the latest industry techniques.

We also invest in our people and we provide constant training on the latest techniques. Our friendly team can help with national and international shipping and customs clearance.
