GETS THE JOB DONE!

** Due to ongoing development specifications may change at any time

** Due to ongoing development specifications may change at any time

All TocDem Attachments Hydraulic Hammers are designed using the latest technology, advances in engineering & to the very highest specification. These units are able to easily cope with the demands of any Demolition, Mining, Construction or Utility site.

Every TocDem Hammer is supplied with:

- 2 Points / Chisels
- Head Bracket / Ears / Hanger
- 2 Head Bracket Pins
- 2 Hydraulic Hoses & Couplings
- Tool Box
- Gas Bottle
- Instruction Manual
- Parts Manual

Excellent BPM Impact Rate – Increasing efficiency

TocDem Hammers give a severe and deep impact, coupled with a fast and efficient BPM “Blows Per Minute”. When put up against the competition the TocDem Hammer outperforms by virtue of its unique design & therefore saves you time and money.

Energy Class

TocDem Hammers range from 150ft lb / 203 Joules through to a powerful and substantial 10,000 ft lb / 13557 Joules.

Quality Control, Research & Development

As a service business as well as a manufacturer TocDem Attachments appreciate the need for quality control. A number of rigorous pre delivery inspections and test are carried out before any Hammer is supplied. As well as this TocDem Attachments are always evaluating current technology & latest techniques in an effort to constantly improve the product range.

Technical, Customer & After Sales Support

A key feature of TocDem Attachments is always “standing behind” and supporting any product we sell. With this in mind we always stock a full range of all spares for TocDem Hammers available for immediate delivery and are always available to give technical advice & support on the range.
